

THE LIQUID

CONNECTION

Liquid Controls continues to set the standards for electronic registration, audit trail, and absolute accountability.

LCR now Weights & Measures approved!

Liquid Controls leads the industry with a broad choice of electronic registration devices designed to fit your exact needs.

• LectroCount LCR - Basic Building Block

Canadian Certificate # AV-2342
U.S. NIST Certificate # 86-022A3

• LectroCount™ POS - Point of Sale

• LectroCount™ RAM - Automated Data Transfer

• LectroCount™ RF - Real Time Data Transfer

No Band-Aid Solutions: It's all electronic, or it's not worth the expense to convert!

Adapts to all competitive Flow Meters!

Adjuster

Gear Plate

1. Electronic Calibration -
No mechanical calibrator or change gears.

2. Electronic Preset and Valve Control -
No security problems; Fraudulent deliveries are a real possibility when mechanical presets and valves are combined with electronic registers.

Preset Counter

Preset Valve

Temperature Volume Compensator (TVC)

3. Electronic Temperature Volume Compensation -
No accuracy errors due to product temperature change during delivery. Permits volume and mass registration. Repairs to mechanical TVC's are a thing of the past!

4. RS-232/485 and Calibrated Pulse Outputs- Eliminate counter-mounted pulsers and the inherent error between the mechanical and electronic registers, data acquisition, terminal automation, card lock or on-board truck computer. Can be interfaced to any PC!

Counter with Pulser

5. Electronic Ticket Printer -
LectroCount LCR satisfies all Weights and Measures concerns for accurate data transfer of volume delivered. The volume recorded by the electronic register cannot be manipulated before printing!

Counter and Printer

Liquid Controls offers a single-source solution.

Electronic meter registration and control devices from a world leader in the manufacture of flow meters...while other less committed suppliers have come and gone, we were here in the beginning and now lead the charge toward electronic registration with thousands of satisfied users of LectroCount products worldwide.

Join the LectroCount Revolution!

Backed By Our Worldwide Reputation For Quality, Accuracy and Advanced Design.
