## Large Numeral Counter Retrofit Kits for LectroCount LCR and LC<sup>3</sup>

**NEW!**

Large Numeral Counter Retrofit Kits are now available for field retrofit of LectroCount LCR and LectroCount LC<sup>3</sup> products currently installed in the field. Features include:

- ❑ Large, easy-to-read 1" display characters
- ❑ Twice the viewing area of previous display
- ❑ Weatherproof, NEMA 4X enclosure
- ❑ Designed to meet Class I, Division 1 (Groups C & D) safety approvals
- ❑ -40F to +158F temperature rating
- ❑ Easily retrofitable in the field
- ❑ Available in two models
  - ❑ Replacement for existing display
  - ❑ New remote display for viewing delivery data at a remote location. Available with optional Reset Button for industrial applications.
- ❑ Retrofit display is self-powered; Remote Display requires 10 to 15V DC supply voltage
